Your Guide to Building with Monaco Built

The Monaco Built Difference

The people behind Monaco Built have a few crucial things in common: strength of character, commitment to quality, diversity of thinking, and is led by an experienced and passionate management team.

Our experience

With a combined 50 years of experience in some of the largest construction, property and infrastructure companies in Australia, Monaco Built is committed to building a new standard of living. That means designing for functionality and flexibility as well as beauty.

Monaco Built is driven by a desire to build a home you will be proud of the moment you first walk through the door. We provide our customers with true value, through the combination of outstanding quality, unparalleled service and communication coupled with a range of home design options to suit our customers diverse needs and budget.

Quality construction and years of experience result in a better-built home and more value for your money. Monaco Built has the quality you want and the experience you need to feel confident that your new home will be built right. Our team is here to help you every step of the way

At Monaco Built we build homes that fit your needs, with flexible designs and more inclusions than standard. With a combined 50 years industry experience, we add value without unnecessary cost. Every home includes a 6-month maintenance period and a 10-year structural warranty for confidence. Talk to us about creating a home that suits you.

Value

True value in construction is a result of outstanding quality, at an affordable price. That's why we offer premium inclusions at no extra cost, consistently streamline our processes to increase efficiency and employ paperless office policies that mean the savings are passed on to you.

Fixed Price

When Monaco Built quotes you a price for the home you want, you can choose our fixed no more to pay option and that's the price you can expect to pay. With our fixed price packages, you'll enjoy peace of mind and no hidden surprises.

No Waiting Queue

Unlike other home builders in Melbourne, Monaco Built won't place you in a queue waiting to start your build. We will get you to your site within 4 weeks from receiving your permit.

Quality

Monaco Built nurtures long-lasting relationships with experienced tradespeople who are highly skilled at what they do. We achieve these high standards of execution by combining our own rigorous internal quality control processes, with the assessment and approval of independent quality assurance inspectors to ensure your new home meets your expectations.

Communication

When communication stops, problems arise. That's why we engage in proactive and consistent communication in a variety of forms. That way our clients remain connected, the risk of surprises is reduced and collaborative engagement and trust is created.

Build Time

With Monaco Built's guaranteed build time you can begin making arrangements for you or your tenant to move into your new home, secure in the knowledge that it'll be finished on time.

Standard Inclusions

Moving in

Every Monaco Built home includes a clear and proven set of standard inclusions. Fixed pricing, practical features, and considered finishes are built into every plan, not added later. The result is fewer decisions, no surprises, and a home delivered ready to live in.

Landscaping

External

Front and rear landscaping form part of the standard delivery, shaped to suit each home design. Thoughtful planting, practical surfaces, and ready to use outdoor spaces create an immediate sense of completion from day one.

Front Landscaping

Includes mixture of mulch, instant turf grass, rocks, garden bed with 150mm plants, irrigation system connected to tap, 1 of 1200mm high tree to front of dwelling and a concrete letterbox to suit style of Monaco Built home (plan specific).

Rear Landscaping

Includes mulched garden bed with trees and / or plants to rear boundary, 12m² of instant natural turf, toppings to remainder of land to rear and side boundaries, irrigation system connected to tap, foldaway clothes line with 3m² of colour on concrete pad. For Monaco Built homes that do not include an alfresco, you can choose 12m² of colour on concrete paving to rear of home (subject to change as plan specific).

Please Note: Colours and materials are indicative only and may not accurately represent the final built form of your home. Colours, materials, fixtures and fittings may be subject to change. Natural products may result in variations from one batch to another of the same material. Monaco Built reserves the right to reselect colours and products to the closest possible match, as determined by Monaco Built should that product no longer be available at the time of supply. Monaco Built will provide via notification to you of the necessary changes should they be required.

What Happens Next?

Your Journey

From your first selections through to settlement, this guide outlines each key stage of your build with Monaco Built. It's designed to give you a clear understanding of what happens next, what to expect at each milestone, and when progress payments are due, so you can feel informed and confident throughout your construction journey.

YOUR PRE CONSTRUCTION JOURNEY

Step 1

Make Your Selections

With the assistance of your sales agent, choose from a wide variety of packages and home designs across many estates in Melbourne

Step 2

Contract Request

Your sales agent completes the New Property Contract Request form and pay the initial \$1,000 non-refundable holding deposit to enable building contracts to be prepared and issued for signing.

Just an initial \$1,000 deposit is required

Step 3

Contract Preparation

Within 48 hours, contracts will be prepared and sent via DocuSign to your sales agent as well as to yourself for signing.

Monaco Built have a contract turnaround policy of two weeks from contracts being sent via DocuSign. We will send through a follow up email one week from contract issuing, with a second follow up email sent two weeks from contract issuing.

Step 4

Contract Signed

Once contract are signed via DocuSign, they will be executed by our contracts team within 24 hours of receiving them.

An electronic copy of the contract will be emailed to your sales professional and yourself.

Step 5

5% Deposit Invoiced

Monaco Built will issue the invoice for 5% of the contract value to your sales agent for payment by yourself. This payment is expected to be deposited within 14 days of being invoiced via direct deposit, cheque, or bank guarantee.

Step 6

Finance & Land Contract

Monaco Built will issue the invoice for 5% of the contract value to your sales agent for payment by yourself. This payment is expected to be deposited within 14 days of being invoiced via direct deposit, cheque, or bank guarantee.

Step 7

Site Start Preparation

Monaco Built will be following up on a copy of the executed land contract as well as finance and settlement dates. Once dates and contract received an email will be sent to your sales agent for their reference.

Step 8

Land Settlement & Site Start

Before construction can begin, we need approximately six to eight weeks to gather documentation, arrange for a soil test report of the property, secure developers approval, finalise construction drawings for your approval, preparation of engineer's details (slab design) by a licensed engineer, and apply for permits on your behalf.

Step 9

Construction Updates

You and your sales agent will be kept up to date fortnightly throughout the build

YOUR CONSTRUCTION JOURNEY

Step 1

Base Stage

The excitement officially begins. It's time to clear the site so that the plumbing can be laid beneath your new home. The slab is then formed and poured.

- Monaco Team will send an email confirming commencement of construction.
- An independent qualified Building Surveyor will complete an inspection of your concrete slab prior to completion

First progress payment due — 15%

Step 2

Frame Stage

All hands are now on deck. Wall frames and roof trusses are erected as your new home starts to take shape.

- An independent Building Surveyor will complete an inspection of your frame upon completion

Second progress payment due — 25%

Step 3

Lock Up Stage

The roof cover, brickwork and windows are constructed and installed.

- Lock-up stage does not include the fitting of any weatherboard cladding, eave lining and/or external doors including garage door.
- An independent Building Inspector will complete a quality control inspection of the lock-up stage.

Third progress payment due — 25%

Step 4

Fixing Stage

Your new home starts taking form and depth, reflecting the design and colour choices you made. Plasterboard to internal walls, ceilings, skirting boards, architraves and doors all installed. Kitchen and bathroom works begin (including cabinetry) and all external cladding is completed.

- Lock-up stage does not include the fitting of any weatherboard cladding, eave lining and/or external doors including garage door.
- An independent Building Inspector will complete a quality control inspection of the lock-up stage.

Fourth progress payment due — 20%

Step 5

Completion Stage

You are at the final stage of the completion of your new home.

- Painting, tiling, electrical and plumbing fit-offs are completed. Shower screens, mirrors, stone benchtops, sinks and basins are installed and all other external works are finished.
- An independent Building Inspector will complete a quality control inspection of your home prior to issuing your Notice of Completion, final invoice and certificate of occupancy.
- Monaco Team to advise in writing of your Notice of Completion Inspection, which also includes your final invoice and occupancy permit.
- You or your representative will then be invited to attend with your Site Manager a Notice of Completion inspection (within 7 days) who will demonstrate the features of your new home and discuss any issues you may have in preparation for final handover.

Step 6**Re Inspection**

You or your representative will be invited to attend a re inspection of your home with the Site Manager to ensure all items noted on the Notice of Completion inspection have been attended to.

Step 7**Final Stage**

Congratulations, your new home has been completed and either you or your tenant are ready to move in.

- Client to make final payment in our office or on-site on the day of settlement. This amount includes the last stage payment and any unpaid variations. Once paid, the keys and settlement pack will be presented.
- On the day of settlement your Site Manager will attend an onsite handover. Appliances will be installed at an agreed time – ideally on the same day as settlement to avoid theft.
- Monaco Built to contact the client or clients representative 14 days after settlement in order to answer any queries.

Fifth and final payment due — 10%

Please Note: A bank cheque or direct deposit is required for final payment. If direct deposit is made, please ensure transfer is made at least two clear business days prior to settlement.
